

Beginning Oil Painting Level 1 Materials List

Instructor: Ann Solyst

Hi everyone and welcome to Beginning Oil Painting. Below is a list of recommended art materials, complete with links to Blick Art Materials. If you have questions about what to buy or would like to use materials you already have please bring them to our first class and we can talk about it. I structure the class so you only need pencil and paper on the first day.

Looking forward to seeing you all

- Palette, Any flat surface works. You can buy a wooden or a plastic one at an art supply store, use an old baking sheet, or even a piece of glass with white paper taped to the back and tape on the edges of the glass to avoid cuts. Whatever you choose your palette should be roughly 9"x 12"

- Turpenoid (odorless paint thinner), 8oz.

Other supplies

- Rag, a rag made from an old sheet or a t- shirt is my favorite but any old rag will do
- Painting smock/ old clothes, anything you don't mind getting oil paint onto. Paint can be hard to wash out if you don't get it right away
- Resealable jar, like a mason jar. This is the jar we are putting our turpenoid in so make sure it doesn't leak.
- HB or no. 2 pencil, eraser, and sketching paper
- Dawn dish soap for washing brushes
